WELCOME TO THE DIDSBURY PRESCHOOL

The Didsbury Preschool is a not for profit society. The school was established in 1978 by a very dedicated group of parents, whose purpose was to provide their preschool children with the opportunity to learn through constructive play and development of social skills prior to entering the school system. When you register your child here, the Didsbury Preschool becomes your school. Together we are building your child's first stepping stone in the pathway of education.

*** MISSION STATEMENT ***

The Didsbury Preschool is a licensed, registered, not for profit organization that provides a supportive, safe and age appropriate learning environment for children three to five years of age. The goal of the Didsbury Preschool Society is to provide a program where preschool children can learn through play, thus fostering the academic, social, physical, and emotional development of the preschool child.

PHILOSOPHY

Our program is a "Learning and Succeeding Through Play" format. This means that through free play such as, but not limited to: water table, sand table, play dough, dramatic play, etc. and through structured play such as, but not limited to: stories, songs and our music program, gym days, crafts, worksheets and games the children learn early academic concepts, forming the basics for their journey to educational needs and discovering the world.

All purchases by families count as credit towards a pre-set total, once the school reaches the pre-set total order value, we are eligible to purchase books and learning tools for the school at no charge. This program enables us to increase our library which benefits your child's learning experience. This is a wonderful program for our school.

HOLIDAYS

When Chinook's Edge School Division schools have holidays so will the Didsbury Preschool. Christmas Break tends to be up to 5 days longer for the preschool. Please follow the preschool calendar and monthly news letter for holidays each month.

CLASS EQUALIZATION

When there is no school due to stat holidays, example: on Monday, classes will not operate on Tuesday, as part of our class equalization policy. This will be the same for any holiday. DISCIPLINE POLICY

Our discipline policy is one of prevention. Our teacher uses a problem solving technique that encourages the children to become more responsible for their behavior instead of relying on adult intervention. This has had great success teaching children mutual respect for their peers and adults. Any child disciplinary action taken will be reasonable in the circumstance, no physical or verbal punishment, no physical degradation or emotional deprivation will be tolerated. We will not nor permit the denial or threaten the denial of any basic need. We will not nor permit the use of any form of physical restraint, confinement or isolation of any child.
